Sir,

I have the honor to state that out of 3 lacs sanctioned as advance to the Chikmagalur Agricultural Bank in G. O. No 616-19 / R. D. 117-95 dated 1st February 1897, the Bank has drawn Rs 2,99,275/. and the balance at the credit of the Bank on the 3rd instant was only Rs 725/.

2. The Bank has paid in to its credit with the Treasury Rs 27,070 and now claims the refund of the above amount (~~remitted~~ repaid) to meet current expenditure, and desires to treat this amount as Current Account under G. O. No 4001-10 / Fl 393 dated 3rd November 1897, between the Agricultural Bank and the Treasury.

3. As I am doubtful whether this sum should be treated as current account, or withheld as part repayment by the Bank of the capital advanced by Government, I would request

request definite instructions of Government on the point.

4. If the Bank is allowed to withdraw this amount, I would beg to point out that no attempt will have been made by the Bank to repay any portion of the loan capital, although it was advanced nearly two years ago. I have attempted to impress all members of the Bank with the urgent necessity for such repayment to regularly year by year, and unless some such attempt is made the aim and object of the Bank as pointed out by Government, viz: that it should be independent and self-supporting, will certainly not be realized in the near future.

Sir.

With reference to your Order of the 20th May 1901.
No. 9326-7
R.F. 117-95

I have the honor in the names of the various members of the Chikmagalur Agricultural Bank to thank the Government for the order passed on the Banks application for a postponement for a term of 5 years, for repayment of the Loan. For although the Government has not been able to fully grant the request of the Bank the Concession to allow that the "ten annual instalments should commence immediately after the return of favorable seasons" will enable the members to meet their liabilities with the Government.

For the last three seasons, not only Coffee but all crops wet & dry have been practically lost in the Malnaad, as well as other parts of Mysore and as the members have to rely entirely on Agriculture for their livelihood & means of Subsistence. On account of the abnormally bad seasons the members of the Agricultural Bank have been put in to the direst straits for the means of Carrying on their work and it has been with the greatest difficulty they have been able to pay their interest, and impossible for them to pay any money to the Bank on account of principal.

Sir,

In forwarding a letter from the Chikmagalur Agricultural Bank, I have the honor to bring to the notice of Government the persistent manner in which the Agent and Members evade submitting any kind of programme for future payment, and would beg to suggest that, as it appears to be extremely unlikely that they will return any money to Government or make any effort unless forced to do so, my former suggestions of selling up the wet lands mortgaged by the Bank to Government be commenced at an early date.

2 Of the Rs 15000/- odd due as
interest on 30th June 1901 only some
Rs 4215-13-10 have been paid in
August, and this in spite of the members
of the Bank being allowed to hypothe-

12 certificates amounting to Rs 4130-0/
have been granted by me.

I have the honor to forward a copy of the Deputy Commissioner's Lochek No: 121 dated 22nd July 1901. in which he states "That as no further time can be given as the future seasons are not likely to be more favorable than the past judging from the results of other surrounding plantations, the first instalment of Rs 30,000/- plus the interest of Rs 15095-4-4 must be paid in by 1st September/ failing which a request will be made to Government to sell the wet and garden lands."

In the Government proceedings of 30th ultimo last the Government have given the Bank time until the "return of favorable seasons" and the Members of the Bank looked upon that as a "guarantee that time would be allowed them that would enable them to meet their liabilities to Government, the demand now for Rs 45095-4-4 to be paid within a space of 40 days has struck the members with consternation and come as a great surprise.

It is with the greatest difficulty and by the aid of the produce of the wet and other lands that the Members of the Bank have been able to pay the

I beg most respectfully to draw the attention (X) of Government to my letter of 124, dated 2nd May 1901 stating fully under what difficulties and inabilities we have been suffering during the great depression that prevails in the industry in which we are interested and to beg that you will be pleased to give orders that the demand be withdrawn as it has caused a feeling of uncertainty and insecurity among the members.

has been paid by the Bank and that the members have been arranging to pay the balance at an early date & promising a further report in the matter.

Order thereon: —

The affairs of this Bank seem to require immediate looking into. Every possible consideration has been shewn to this institution, and yet it has failed to realize its responsibility and to pay to Govt. even the interest due by it within the appointed time.
